INTRODUCTION.

As I sit at my window listening to the gentle swish of the waves of this beautiful sea — the Mediterranean — and recall the contrast of those years when the roar of the surf at Old Orchard was our daily stimulus, where work was before us in the yearly conventions, present conditions are greatly emphasized. Like this placid sea, my life has assumed a quieter aspect, and I am already in the epoch where I can look back with feelings of a mingled character. But gladness is the predominant note, — gladness that the ten years since Dr. Cullis passed on to the larger life have been fraught with evidences on every hand of our Father's leading; gladness that when the way was dark, assurances of his presence gave strength, that the consciousness of his abiding love made our hearts throb with tender thankfulness, while often a rift in the clouds lifted us into light and joy.

This year I am too far away to undertake the report. Mr. Mallory is more prepared to give to our friends and donors the interesting particulars connected with the everyday working of our homes; but of his faithful labors I can speak, and out of a grateful heart declare God's goodness in so setting him apart for service. Laboring devotedly in Canada as a pastor, he read "A Work of Faith," written by Dr. William E. Boardman. From the moment of its perusal he never ceased to desire a further knowledge of what seemed to him a most godlike work

The way opened for a meeting with Doctor Cullis. A mutual attraction sprang up, and in a little more than two years he decided to leave all old associations and join in a life entirely consecrated to the "Work of Faith."

It is known to a few that just before the doctor died he uttered words that seemed inspired by a glimpse of heavenly realities, as with rapt gaze and awful earnestness he exclaimed, "Need! Need! There is a *tremendous* need to preach the Gospel!" A message from one whose eyes, although looking longingly forward, would seem with pitying love to yearn still longer to be "about my Father's business" here. Does it not remind one of our Saviour's last command: "Go ye into all the world, and preach the gospel to every creature"? To Mr. Mallory the doctor's words were but a solemn reiteration of his life purpose. Given early to the ministry by a devoted mother, his training and choice were in this direction, although the necessity of working his way to study gave him a knowledge which serves his present calling in many practical ways. He combines in one the offices of superintendent, chaplain, and financier for the work. In a thousand and one ways Mrs. Mallory coöperates, looking after internal affairs in the domestic economy, encouraging and comforting both workers and patients, attending to correspondence, indeed a "Minuteman" ready for any emergency. While we are not changed towards the command, "Go ye into all the world," the command is changed toward us, for in our time *all the world* comes to us! But the promise added thereto *never changes*, — "Lo, I am with you all the days!"

In our homes are congregated those from every land and people. They come to us in their isolation, sorrow,

and sickness, and how broad is the opportunity to do them good. More than the sighs from suffering bodies, is heard the song of rejoicing from hearts lightened of the crushing burden of sin. Although death often enters there, —

“ . . . Christ cheereth,
Compassing release,
Compassing with peace,
Promising rest, when strife and anguish cease.”

Since our last report was issued, two of the trustees on the Consumptives' Home Board have been changed. The Rev. Doctor Little, D.D., from delicate health, and Hon. E. S. Converse being too advanced in years to continue the care. To supply these vacancies, Miss Miriam B. Means and Mr. J. F. Wetherbee have been appointed. While regretting the necessity that deprived us of the kind offices of two such staunch and faithful friends, we are most happy in securing as their successors those not the less friendly and true, and who have for years been interested in the progress of the work. On the Board of Faith Missions Capt. J. F. Goodwin has lately died, and his place has been supplied by the appointment of Mrs. Mallory. I cannot deny myself the privilege of saying just here what the doctor would say could he speak to us of this old and tried friend, Captain Goodwin. At the very beginning of the “Work of Faith,” he gave his sympathy and help. Like a brother, he was instant in season and out of season to coöperate and encourage. When wonderful answers to prayer came, his face would enkindle with the enthusiasm of a boy; indeed, he and the doctor were boys together, and, as the years went on and the moment of parting came, this good friend in those

last scenes made his friendly presence a comfort. His memory is enshrined in our hearts.

Another of our trustees on the Faith Mission Board, the lawyer Rodney Lund, who served us so faithfully has also passed away, and the vacancy has been filled by Emery B. Gibbs, a lawyer of ability, and, like Rodney Lund, an earnest Christian man.

With the closing of this year we are emerging from a most trying period into one of release. We have sold enough of our land at Grove Hall to reduce our mortgage, of long standing, of sixty-six thousand dollars to sixteen thousand, and when the sale of Huntington Avenue building is completed (which we are anticipating), we expect to be entirely freed. Then we shall be able to use all gifts for current expenses, and we hope these will be large enough to enable us to take all the patients who apply. There is small need at this day to plead the necessity of this home for consumptives. It was gratifying to read the recommendation of the International Council of Physicians held in London this last year, — that *the best safeguard for the sick and the well was to gather the poor victims of consumption out from their crowded and pestilential quarters, and place them in well-regulated homes or hospitals*. For nearly forty years the Cullis Consumptives' Home has done in its quiet way this beneficent work. For more than twenty-five years this Home was the only free consumptives' home in the city. Certainly these results cannot have been without appreciable effect on the well-being of our citizens. An enterprise born in the mind of a young physician, with only a brave heart and earnest purpose to uphold him, and carried on to success, might well be an incentive to others, who, perhaps, are endowed with large fortunes and could become

stewards of their bounty in providing more hospitals for the sick and helpless, of which we still stand in need. Especially is this true of cancer cases, for which there is now no free hospital.

Thanking all our donors and all good friends who have stood by us through good and through evil report, we take "heart of grace" while commending the "dear work" to the continued interest and coöperation of all.

A WORK OF FAITH.

The Lord God omnipotent reigneth. — Rev. 19: 6.

Be still, and know that I am God. — Ps. 46: 10.

When He hath tried me, I shall come forth as gold. — Job 23: 10.

How blessed to know the Lord, the Lord God, the Lord God Omnipotent, yea to know that he reigneth ! “He doeth according to his will in the army of heaven, and among the inhabitants of the earth: and none can stay his hand, or say unto him, What doest thou?” This knowledge of God and of his ways is his gift to the obedient and faithful. If any man will do his will, he shall know of the doctrine.

God has his own method of purifying and perfecting his saints. We do not know our own hearts till we are placed in very trying positions, then it is that we feel our own helplessness and learn to lean wholly on the Omnipotent One. Can we ever know the blessed stillness of soul before we have fully learned that the Lord God Omnipotent reigneth? But how shall we know this? By absolute submission to God’s will and way, and by an unquestioning trust in his Word. He sometimes lets us pass through fires which wax hotter and hotter till we melt in liquid love, and all our heart becomes a silent heaven and our supreme desire is expressed in the prayer, “Hallowed be thy name. Thy kingdom come. Thy will be done in earth, as it is in heaven.”

DR. CHARLES CULLIS.

During these two years we have been trying to learn some of the deeper lessons of submission and of trust in the school of Christ. How patient God has been with us in our weakness, and how graciously he has sustained and blessed us in his service. As we look over the past, our hearts cry out, "What hath God wrought?"

Among the many mercies for which we praise God, we mention first the payment of the mortgage on the Grove Hall estate, which has been a great burden lifted from our hearts.

For years we have been waiting to dispose of part of our land, but were not able to get for it what the trustees felt it was worth. The payment of so much interest every year in addition to all our other expenses has been a great strain upon us, but we knew that the increase in the value of the land would offset the interest, if we could carry it. Some of our friends may be inclined to question the wisdom of Dr. Cullis in purchasing the Grove Hall estate for \$90,000.00, when such a heavy mortgage would have to be carried. He knew this land in time would be very valuable, while the interest on the mortgage would be equivalent to rent for these beautiful and spacious grounds, which have been a joy and delight to the thousands of God's suffering ones who have here been cared for.

In October, 1900, we sold a large piece of land for \$53,514.09. The party who purchased it assumed \$50,000.00 on the mortgage of \$66,000.00, \$800.00 was deducted for the new sewer, \$1,338.00 as commission, and \$118.80 for interest on the \$50,000.00, which left us \$1,257.29 cash from the sale. It may be of interest to know that at different times parcels of land from our estate have been sold, amounting in all to \$125,905.00.

We now have left about six acres of dry, sandy soil, upon which stand our new buildings.

Since the close of the two years covered by this report, if we may be allowed to anticipate a little, we would say by the sale of the Huntington Avenue property we have been able to pay off every mortgage and indebtedness on both Faith Missions and the Consumptives' Home, with the exception of about \$2,000.00, and thus to place the work in a new position of freedom, which will, we are sure, gladden the hearts of all our friends. Truly, God hath done great things for us. To him be praise and glory forever.

CONSUMPTIVES' HOME.

OCTOBER 1, 1899. The new year opened on Sunday. Mr. John Gilchrist, one of Boston's leading merchants and layman, led the chapel service in the afternoon. Mrs. P. left \$1.00, the first gift of the new year.

OCTOBER 3. Seven dollars came from Savin Hill, Mass. How precious are the gifts inspired by divine love, which seeks not the praise of men, but only the glory of God!

OCTOBER 6. From Newtonville \$10.00, from a brother who has been honored in leading multitudes to Christ. One of our patients who has been with us for years, a devoted Christian woman, passed peacefully away. Five dollars came from Hebron Center, Me.

OCTOBER 11. A dear friend from New Bedford, Mass., sends \$5.00. We reckon gifts by dollars and cents, but the Master by motive; for he said the widow's mites were more than all the rest cast into the treasury.

NEW HOME.

OCTOBER 16. This morning's mail brought \$1.00 from Addison Point, Me.

OCTOBER 17. A gift of \$24.00 from Leeds, England.

OCTOBER 21. From Savin Hill, Mass., \$5.00, and \$39.00 from Dorchester, Mass., from ever faithful friends, whose kindness we can never forget.

OCTOBER 23. From a friend in Roxbury, Mass., \$20.00. To-day a very poor woman, a German-Jewess, brought her little boy of eight years of age to the Home. She could not speak English, but the little boy could. He told us his pitiful story of poverty and suffering. He was far advanced in consumption, and we were very glad to receive him. (This was our little Isidor, whose touching history is known to many of our friends. His conversion was very clear. His love for the Saviour, for God's Word, for prayer, for religious services, and, what was most striking, his zeal for the conversion of others, and above all his fervent prayers and efforts for his relatives, was truly a remarkable manifestation of the deep working of the Holy Spirit in even a child's heart.)

OCTOBER 29. We were glad to have with us at our Sunday afternoon service Rev. Dr. Pickles, of the Tremont Street Methodist Church.

NOVEMBER 3. The morning mail brought \$5.00 with this note: "May the Lord bless the dear Consumptives' Home, in memory of the 28th of October." This was the anniversary of the death of a dear mother, who was such a warm friend of the Home.

NOVEMBER 5. Chaplain Barnes, from Charlestown, took the Sunday afternoon service, which was most helpful. Our little Isidor recited three verses from the Bible, the first he has ever learned. He seems so happy with us.

NOVEMBER 10. Mrs. H. came as a patient from a home, or rather hovel, of extreme poverty and misery. The bed on which she was lying was a wretched one, and beside her was a drunken husband. Such a scene of wretchedness and neglect made us feel more than ever the blessing of a good home for such people. She was bathed and put into a clean bed in a bright, sunny room, with every care and comfort loving hearts could give her. She was most appreciative of everything that was done for her. It was a benediction to hear her express her love and gratitude to God for all his mercies. When she came to die she asked the nurse to draw down the curtains ; when asked "Why?" she replied, with a shining face, "I want to see the angels," and fell asleep.

NOVEMBER 12. The service this afternoon was in charge of the Epworth League from the Tremont Street Methodist Church. Miss I., who has since gone as a missionary to Japan, was the leader. This society takes the service the second Sunday of every month, and the Young People's Society of Christian Endeavor of the First Presbyterian Church takes the third. We are very grateful for the bright and helpful meetings these noble workers conduct from month to month.

NOVEMBER 21. A poor man in South Boston, sick in consumption, was visited to-day. He had a wife and three little children. He had not been able to work for months. All their savings were gone, and they were behind in their rent, therefore must leave their poor tenement with nowhere to go. Saddest of all, neither husband nor wife were Christians. Before we knelt in prayer they both promised to give themselves fully to Christ and trust him for the future. Tears of gratitude filled their eyes when told that the husband could come

to the Home. He was soundly converted to God, and gave such bright testimonies in our Thursday evening prayer-meetings. He was led to see that when we become heirs of God and joint-heirs with Christ, we are truly God's millionaires. It was a joy to see how happy and rich this man felt. The night he died some one said to him "Poor fellow, I am sorry to see you suffer." He replied, "Don't call me poor, I'm the richest of men."

NOVEMBER 25. A check from Dorchester, Mass., for \$100.00 came to-day with this kind note: "For the work of the Cullis Consumptives' Home, which I hope is prospering. Assuring you of my deep interest, and with warm personal regards, I am," etc.

NOVEMBER 29. We are grateful for Thanksgiving remembrances from New York, Harwich, Mass., and Brooklyn, N. Y. A fine turkey came from Tremont Temple; cranberries, etc., from another friend; so we were well supplied at the Home. Our Malden friend sent her usual box to the Children's Home, — three turkeys, pies, candy, nuts, and other goodies in great abundance, so that all were made most happy.

DECEMBER 12. A friend from New York sends \$10.00 for Christmas, and another from Andover, Mass., \$10.00.

DECEMBER 12. A most blessed prayer-meeting to-night. One of the patients told us how God sustained her when father, mother, brothers, and sisters had passed away. Her health was broken and property gone, and the day came when she was to leave the old homestead and henceforth be dependent. God came to her the night before leaving and assured her that he would be her everlasting portion, so she slept that last night in her dear old home in perfect peace.

“ Lord give us such a faith as this,
 And then, what e'er may come,
 We 'll taste, while here, the hallowed bliss
 Of an eternal home.”

We found \$10.00 in the contribution box. Praise God from whom all blessings flow.

DECEMBER 15. The Dorchester Women's Club gave a most interesting entertainment to-night. We are greatly indebted to them for their kindness on this and other occasions.

DECEMBER 21. By telephone we learned that a kind friend would send us twenty pounds of turkey for our Christmas dinner. Other friends sent gifts, from Brooklyn, N. Y., \$3.00 ; Harrison, N. Y., \$20.00 ; Dorchester, Mass., \$5.00 ; Syracuse, N. Y., \$10.00 ; a lady from the Friends Society, \$5.00 ; a friend from the Tuesday Consecration Meeting gave \$5.00, and another \$1.00.

The Dorchester Fortnightly Club gave a very pleasant entertainment, which was heartily appreciated.

DECEMBER 23. The mail brought \$10.00 from Savin Hill, Mass., and \$5.00 was left at the door by one who always remembers us at Christmas.

DECEMBER 25. The patients were made very happy by receiving a barrel containing fruit and delicacies from the Young People's Society of Christian Endeavor, of Dr. Hershey's church in this city, also by gifts from the Sewing Circle of the Presbyterian Church at Arlington, Mass., for which we praise God. A friend from England sent us a large package of beautiful text-cards and illuminated mottoes for every patient. This she has done ever since her son, of whom she had lost trace for many years, died in our Home, a happy Christian. A good friend from Dorchester sent a check for \$15.00 to buy presents for

the patients for the New Year's tree, while warm friends from New Bedford sent us mittens, wristers, helmets, and bed socks, which they have made for us for many years.

JANUARY 1. It was snowing and stormy without, but bright and cheery within. The New Year's tree was loaded with appropriate presents for all. Rev. Mr. Prudham, with many other guests, helped to make the evening a most enjoyable one. Our little patients, Isidor and Eva, recited pieces about Santa Claus, and sang a carol, which was very entertaining.

JANUARY 2. Fifty-two dollars came from England and \$50.00 from Illinois. To God be praise for his care of his work !

JANUARY 9. Fifty dollars from Mr., B. of Boston, to-day. Several boxes of beautiful flowers came, filling the whole house with their fragrance. Was it not a sweet breath from heaven? Dr. Cullis used to say, "God gives us all things needful and then throws in the flowers." A young woman, very ill, was admitted to-day. (For about three months she remained with us, a shining example of patience, of trust, of thoughtfulness of others, of beautiful Christlikeness. Surely her holy life and most happy death have helped to make our Home more blessed.)

JANUARY 13. Having a note for \$3,500.00 coming due on the 18th of this month, our hearts were much drawn out in prayer. One of our workers has just handed us \$100.00 toward this amount — a precious gift in the sight of God.

JANUARY 16. A friend who had joined us in prayer gave us \$500.00, saying, "The Lord put it into my heart to contribute towards paying off the note, though I had thought I had given everything I could spare before, but he showed me I could trust him for a rainy day, and

made me willing to break into the little amount I had in the savings bank."

JANUARY 18. To-day the note came due. We had on hand \$2,000.00, which the bank kindly accepted, and gave us an extension of time for the balance, for which we praise God.

A young girl, whose presence among us was a benediction, entered into her rest. She was so grateful for all that was done for her that it was a joy and privilege to minister to her.

JANUARY 22. To-day a legacy of \$1,500.00 was paid, of which we had no record. It was left in the year 1888 to a relative, at whose death it was to come to our Home. It was the exact amount required to pay the balance on the note referred to on January 18. We did, indeed, rejoice and return thanks to our heavenly Father, who so wondrously sent deliverance.

FEBRUARY 9. Charlie D., one of our boys from the Children's Home, who left us about seventeen years ago to work on a farm in the West, writes us that he has been converted at the Penial Mission in San Francisco, Cal., and is now very happy and longs to be used of God to bless others. What glorious news this is! We long to see every one of our children heirs of God and joint-heirs with Christ.

FEBRUARY 16. Mr. C. handed us \$50.00, in grateful remembrance of one very dear to him.

FEBRUARY 19. Sold old jewelry for \$16.45.

FEBRUARY 23. Mr. M., a member of the Young People's Society of Christian Endeavor of the First Presbyterian Church, came with his graphophone and gave us a very enjoyable evening. A friend of one of our patients left \$10.00 as a thank offering.

FEBRUARY 25. We were kindly aided in our communion service to-day by the Rev. Mr. Morgan, of Jamaica Plain.

MARCH 7. There was quite a sensation created in the Home this morning, when the doctor stated that one of the laundresses had diphtheria and must go to the City Hospital. Several others who had been exposed were immediately placed in quarantine and no visitors were allowed. Our readers may imagine our difficulties in arranging for our household.

MARCH 14. Fifteen dollars was received to-day as the first of a regular monthly offering promised by a kind friend. They that give to the poor lend to the Lord, and he will repay.

MARCH 15. Quarantine ended to-day. Our servant returned, not having had diphtheria after all. How rejoiced we were that God had preserved us.

MARCH 22. A friend in Roxbury sent us \$50.00.

MARCH 23. Two gifts from Dorchester to-day, one of \$23.00 and another of \$2.00.

MARCH 25. Rev. Dr. Plumb administered the communion to-day.

APRIL 1. Mrs. Cullis was with us, and spoke at the chapel service at three o'clock.

APRIL 3. We are having a week of great trial of faith — no money to meet our needs. These seasons are very precious, as they lead us into great heart-searching and a more earnest desire to know what Christ meant when he said, "Seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you." Before night \$10.00 were received, the first gift in ten days.

APRIL 4. From Savin Hill, \$25.00; \$10.00 from Dorchester, and \$1.00 from Tremont, Me. Praise God.

APRIL 5. Mrs. C., a patient who has been with us over two years, a great sufferer, but a very sweet Christian, left to-day to go to Long Island Hospital for surgical treatment. The verse of scripture which she requested to have repeated for her at the prayer-meeting to-night was, "In the world ye shall have tribulation : but be of good cheer ; I have overcome the world."

APRIL 8. Miss I. led the Endeavor Meeting this p. m. In two weeks she is to be married to the Rev. Mr. Prudham, when they will shortly start as missionaries to Japan. It was a very tender meeting. May God richly bless their labors.

A legacy of \$500.00 has just been received. We did not know of this legacy or even of the donor. Praise God from whom all blessings flow.

APRIL 9. A friend from South Boston writes, "Enclosed please find \$1.00 for any branch of the work which our heavenly Father has so signally blessed. I would gladly multiply the gift a thousandfold, with the sincere prayer that the work and all connected with it may still enjoy his favor."

APRIL 10. Miss M., at the Spinal Home, who has been such a patient sufferer, was called to her eternal home to-day. Her memory is blessed.

A friend from Brooklyn, N. Y., is passing through deep waters, financially, but faithfully remembers the work by sending us \$4.00. May the Lord give him an abundant reward.

APRIL 14. An Easter gift of \$5.00 from Savin Hill. How faithful has been our friend !

APRIL 15. Easter. A perfect day, clear and warm. Rev. Dr. Waldron and daughter, Rev. E. C. Ewing, Mr. A. S. Leavitt, and Mr. Frank Henderson were with us for

the twentieth year to celebrate our Easter service. It was most inspiring. They left cards and papers for every one, and sunshine in our hearts.

APRIL 17. A friend in Brooklyn, N. Y., sent us \$24.00, and \$2.00 came from Dorchester.

APRIL 21. Our hearts were gladdened by a letter from a friend in Groton, Mass., enclosing \$40.00, and another from Dorchester with \$17.00.

APRIL 24. A gift from Reading, Mass., of \$25.00.

APRIL 29. About twenty-five Endeavorers from the Charles Street Colored Methodist Church took the afternoon service. Their hearty singing and earnest testimonies were greatly enjoyed.

MAY 17. A precious gift of twenty-four cents came from an old lady in Oberlin, Ohio, eighty-one years of age. She wrote she was alone in her house, not a relative left, her sight and hearing going, and yet she was happy in the Lord. How wonderful is God's grace!

MAY 19. Mr. D., who has been such a happy and earnest Christian, died in the triumphs of faith, making our Home brighter and richer by the memory of his presence and Christlike life.

A friend sends \$1.00, another \$2.00, and another \$100.00. Praise the Lord.

MAY 22. To-day one of our most honored friends filled our cups of joy and praise to overflowing by his generous gift of \$18,072.75, being the amount of a note for money so kindly loaned to us and being the balance of the legacy which he was intending to leave to the Home. Was not this the most signal answer to prayer of the year? May God's richest blessing rest upon the donor.

JUNE 4. Gifts have come from Nebraska, \$2.00;

Loomis, N. Y., \$1.00 ; Roslindale, Mass., \$2.00 ; Milton, Mass., \$12.00 ; Everett, Mass., \$1.00 ; Waltham, Mass., \$1.00 ; a friend handed me \$10.00 ; Boston, \$50.00 ; Stonington, Conn., \$20.00.

JUNE 25. Box in Home, \$31.75 ; Savin Hill, \$10.00 ; Dorchester, \$9.00 ; El Dorado Springs, \$3.80 ; Oneida, N. Y., \$5.00 ; St. Albans, Vt., \$1.00.

JUNE 27. Beautiful Easter lilies were left at the door. On the way to the Home, meeting a neighbor, he placed \$10.00 in my hand.

JULY 2. A patient who had once been a well-to-do business man, but had lost all through drink, came to us very ill. He died to-day very happy in Christ.

A legacy of \$666.67 was paid to-day, making a life of faith more blessed than ever.

JULY 9. We were delighted to receive another legacy of \$1,000.00. How can we praise our God enough ! "Give unto the Lord glory and strength. Give unto the Lord the glory due unto his name." This afternoon we had a trial of faith after the uplift of the morning. A prominent worker in the city told us that it is reported that our patients are poorly fed and cared for. This story was started by an unfaithful worker who had been discharged. As we know this is not true we leave the matter in God's hands.

JULY 18. Twenty-five of the Cuban teachers, who are attending the Harvard Summer School, visited our Home to-day, and seemed much interested.

JULY 26. To-day is the eightieth birthday of Deacon E. S. C., one of the warmest friends of our work, whose never-failing kindness and generosity fill our hearts with praise and gratitude.

AUGUST 24. Miss C., a nurse from Armenia, who has

been with us for a number of weeks, was called to her friends in the West. She contributed the amount due for her faithful services as a thank offering to God for his mercies. Her kindness will long be remembered.

SEPTEMBER 25. At the Tuesday meeting Miss S. handed us a gift of \$100.00, for the thirty-sixth anniversary of the Home, making us to rejoice.

SEPTEMBER 27. It is our thirty-sixth anniversary. At 3.30 P. M., a pleasant company of friends joined us in its celebration. After a social hour in the reception rooms, where ice-cream and cake were enjoyed, furnished by a friend from Atlanta, Ga., who was glad to be in the city at this time, we repaired to the chapel, which was beautifully decorated with plants and flowers. Mrs. Cullis presided, and voiced the joy and gratitude of all hearts to God for what he had wrought during these thirty-six years. She then called upon Mr. Hillard, who told us that he was at the first dedication and had followed the work with great interest ever since. Rev. Mr. Rea, a former superintendent of the Home, spoke briefly. He was followed by Rev. Dr. Plumb, whose sympathy and brave defence in our behalf during the long fight for a permission to build our new Home and his twenty-seven years of unswerving fidelity and friendship have greatly endeared him to all our hearts. Mother Mallory, from Canada, was glad to be present, and spoke of her love for the work and of her unceasing prayers for its prosperity. Miss Edith Cullis gave every one much pleasure by favoring us with selections on the violin. Several gifts were placed in Mrs. Cullis's hand, for which we were most thankful.

OCTOBER 15. Praise God for a gift of £10 from Eng-

land ; Savin Hill, Mass., \$10.00 ; Washington, D. C., \$5.00, and a legacy from Boston of \$100.00.

OCTOBER 18. A tax bill for about \$1,500.00 on land for sale at Grove Hall has been received ; this, we felt, was most unjust, as we had always been exempted. After considerable difficulty we succeeded in getting it abated.

OCTOBER 20. About 84,000 feet of land was sold to-day, enabling us to reduce the mortgage \$50,000.00. We referred to this at the beginning of our report. Truly, a jubilee day.

OCTOBER 28. Rev. Mr. Mehorter, of the Christian Church in Roxbury, took the afternoon service.

OCTOBER 29. A gift of \$5.00 from Dorchester, "In memory of dear mamma," and another of \$20.00 from Boston.

NOVEMBER 15. Fifty dollars came from Boston, Mass., and \$10.00 from Milton, Mass. One of our boys at the Children's Home who had earned \$10.00 gave \$1.00 as a tenth. God bless him !

NOVEMBER 17. The Boston *Post* wrote to-day : "Per several requests received, we shall take pleasure in sending to your institution about twenty bushels of apples from the Boston *Post* apple train."

Mr. Rufus Tobey also sent us word that he had five barrels for us. We are most grateful for these gifts.

NOVEMBER 25. The afternoon service was conducted by Rev. John Short, of Cambridgeport, Mass.

NOVEMBER 27. A patient who has been with us a few months left us to-day for the home above. His conversion and his testimonies are a very pleasant memory. He had been a drinking and very sinful man. He had never owned or read a Bible. He was most eager for the truth. His love for God's Word became a passion.

It truly revealed to him the glory and blessedness of a life in Christ. Such experiences as these are a mighty inspiration. How clearly and sweetly did the Master's "Inasmuch" ring in all our hearts. To God be the praise and glory.

NOVEMBER 29. Thanksgiving Day. All hearts were made glad by the abundant gifts of kind friends. One from Boston gave \$5.00; from Harwich, Mass., \$1.00 for the Children's Home; cranberries from Dorchester; a box from Malden for the Children's Home, from Mrs. H., our ever kind friend, who has never failed in this kind attention for twenty years or more. A friend from Connecticut writes: "I am reminded of my privilege to remember the poor, and as I know of none more worthy than your sick patients at the Home, it affords me great pleasure to enclose this \$2.00 toward their turkey dinner." Early in the morning an express wagon came with a load of good things from the Young People's Society of Christian Endeavor of Dr. Hershey's church. There were three barrels of apples, four boxes of table apples, and several of oranges, bananas, vegetables of all kinds, celery, cranberries, nuts, lemons, sugar jelly, etc. May the Lord bless the young people who have filled our hearts with joy and hearty thanksgiving.

DECEMBER 11. The residue of a legacy from Florida, of \$17.68, came to-day; also \$10.00 from Savin Hill, Mass., and \$2.00 from West Townsend, Mass.

DECEMBER 15. To-day \$9.50 came from New Bedford, Mass., from the contents of contribution boxes; also mittens and bed shoes and other useful articles for the New Year's tree. Every year at Christmas time, a dear friend, moved by the generous impulses of a heart much bigger than her pocketbook, is not content with what

she can give, but goes among the shopkeepers to ask them to contribute to the Home. The response has always been most hearty, supplying us with a large share of our sheeting, towels, and blankets. These, together with the bedding from our Ladies Association, meet a need that must, of necessity, be constant and very great. To all these we are most grateful.

DECEMBER 18. The patients were cheered this evening by an entertainment from the Dorchester Women's Club.

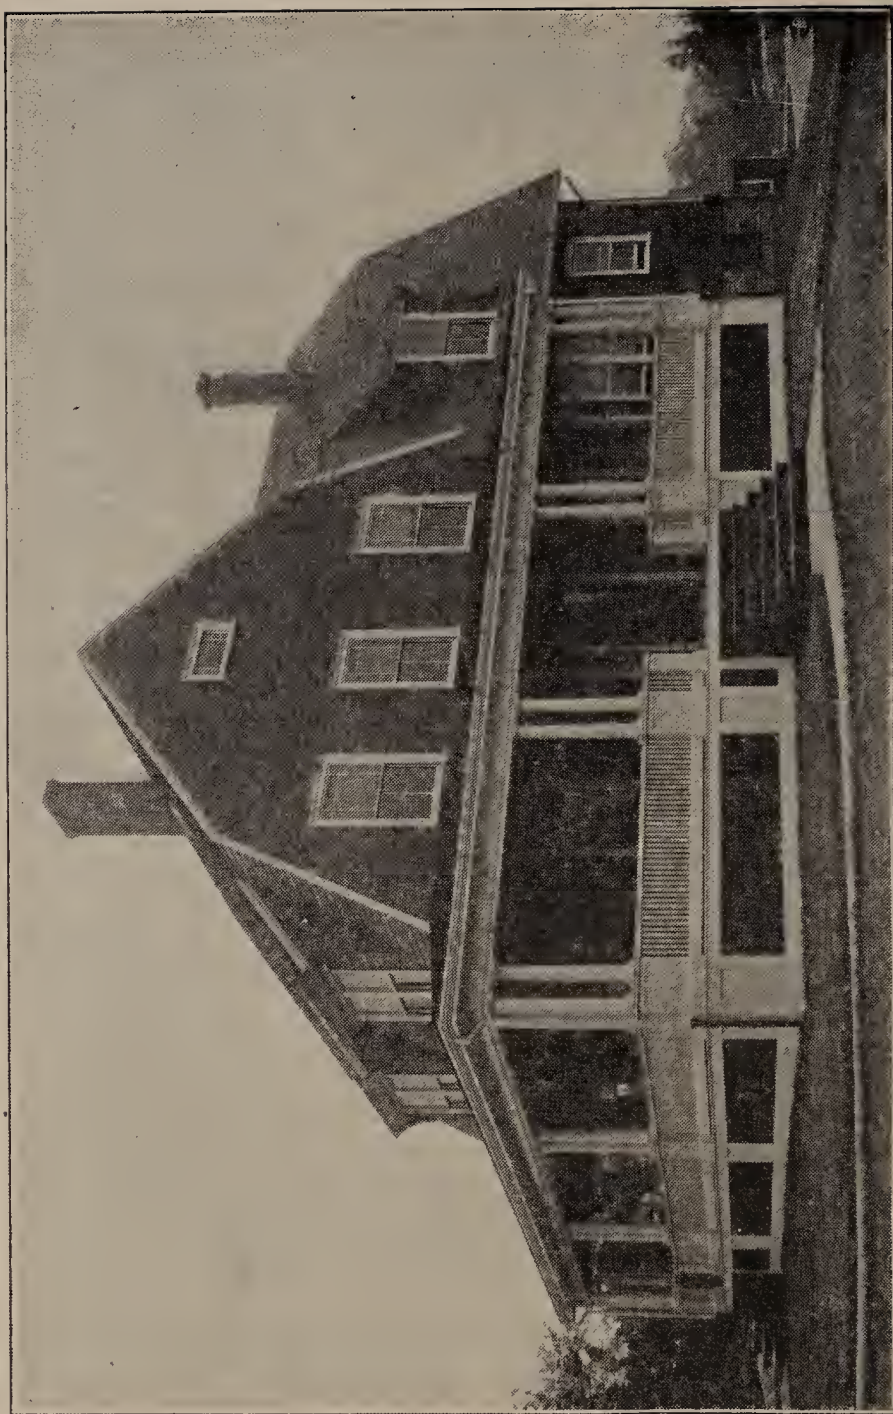

DECEMBER 22. Among other gifts was \$70.00 from Dorchester, Mass.

DECEMBER 25. A merry Christmas. Mr. and Mrs. D. sent us a fine Christmas dinner, which Mr. D. promises us each year as long as he lives. The Young People's Society of Christian Endeavor of Dr. Hershey's church sent us a barrel of fruit. How can we express our gratitude! A friend of Miss R., in the Spinal Home, sent us \$25.00.

DECEMBER 28. Shall we not call this the coronation day of Mrs. M., who died to-day? Her presence as a patient has been a great benediction. Such thought for others, such sweet humility, such love for Christ and his Word made her life among us a cherished memory and her closing hours a beautiful sunset.

DECEMBER 30. Professor Thayer brought his boy choir and gave us a very pleasant Sunday afternoon.

JANUARY 1, 1901. A lovely day for our New Year's tree. Miss M. and Miss R. provided suitable presents for each of our patients, as they have done for so many years. Sufficient candy was given to fill one hundred bags, besides kind remembrances from other friends, which filled the trees. How we all enjoy this evening when our friends gather with us!

THE NEW SPINAL HOME.

JANUARY 6. Miss Mary Lund, of the New England Deaconess Home, spoke in the chapel this afternoon.

JANUARY 17. Praise God for the following gifts: Boston, \$50.00; Milton, Mass., \$10.00; Grove Hall, \$10.00; Dorchester, \$1.25.

JANUARY 25. A friend brought \$25.00 from the Second Church in Dorchester; from Philadelphia, \$20.00; Dorchester, \$10.00, and Dorchester, \$6.00.

JANUARY 26. A patient for whom every thing possible was done passed away without giving us any hope of his repentance. It was a great grief to us all.

JANUARY 27. Our good friend, Chaplain Barnes, conducted the afternoon service.

FEBRUARY 6. From Boston, \$50.00.

FEBRUARY 20. The Fortnightly Club of Dorchester gave us a very pleasant entertainment.

FEBRUARY 24. Miss Rhind, a missionary from China, spoke at the afternoon service.

FEBRUARY 25. Mrs. T., our new matron, came to-day. She has been matron eighteen years at Wellesley College, and has been taking a much-needed rest. Her health is improved, and she now undertakes this new field of labor.

FEBRUARY 27. A patient came to-day in a terrible condition, making it necessary to burn his clothing. Surely our nurses must have the spirit of the Saviour when he washed the disciples' feet, to care for such as these.

MARCH 1. The father of a young man who died in the Home last week called at the office and said his son's conversion and the influence at the Home had made him a changed man. He had forsaken his evil ways, now had family prayer, and his home was now transformed. To God be all the glory.

MARCH 20. A lady called to-day wishing to do something in memory of one very dear to her, who had died in consumption. Going through the wards she decided to send to the men's sun room two Wakefield rattan rockers, also one dozen dining-room chairs. A most acceptable gift. God bless the giver !

MARCH 24. Rev. Mr. Tracy, of the Free Will Baptist Church, gave us a very helpful address this afternoon, in the chapel.

MARCH 26. A thank offering of \$2.00 from Dorchester.

MARCH 31. A layman, Dr. W., from a Baptist church in Cambridge, with a number of young people, took the service to-day. Very helpful.

APRIL 7. At 9.15 A.M. Rev. Dr. Waldron and daughter, assisted by Rev. Mr. Sanders, Miss Cole, and Mrs. Morrill conducted a most delightful Easter service. In addition to copies of the *Youth's Companion* and cards, they brought a Perry picture to each patient, which will be a pleasure to them throughout the year. This is their twenty-first yearly visit.

APRIL 11. A patient who had given us much trouble, making it necessary to dismiss him three times for drunkenness, has just passed away. We were very unwilling to receive him the last time, but he was anxious for us to give him just one more chance. This we did finally, and were abundantly rewarded, for he became, by the grace of God, patient and uncomplaining, and so grateful that all in the Home were impressed with the marvellous change God had wrought in his heart. What a wonderful Saviour !

APRIL 25. Our hearts were made glad by a gift of \$100.00 from Mr. B., of Boston ; from New Bedford, Mass., \$10.00, and others from different states.

CHILDREN'S HOME.

MAY 4. The past week God has signally blessed us with many gifts.

MAY 18. A Swedish girl, nineteen years of age, was buried to-day. She came to this country alone when fourteen years of age. A few months ago we found her in a poor tenement and were glad to give her a sunny, comfortable room in which to spend her last days. At first she did not wish anything said about Christ, but his great love at last won her heart. We can never forget the transformation. Her face became radiant with the light from within. She tried to express in words the joy of her heart, but her face expressed far more than her lips could tell. Her last effort was to write to her mother in Sweden, telling her of her great joy and hope in Christ. She closed her letter with "Good-by till we meet with Jesus." Soon the gates of glory opened and she was with her Lord. A Swedish girl, who had to work, touched by her death among strangers, raised enough money to buy her a white coffin and shroud. Violets were brought by some little children, who placed them gently in her hand, and she was laid away to rest.

MAY 21. To-day \$25.00 were needed to pay a bill which was urgent. Not knowing the circumstances, \$10.00 was handed to us, and Dr. H., in the city, gave us \$10.00 in the afternoon; a little later we received \$1.00, and the evening mail brought \$4.00 from Dorchester, which just made up the amount needed. Praise the Lord!

MAY 31. A legacy of \$676.22 was received to-day, which just enabled us to pay interests on two mortgages and a bill for water tax.

JUNE 24. We visited a very sick man in an attic, without means or any one to look after him. He had

been in comfortable circumstances, but was now in absolute poverty. His appreciation of the comforts provided made us glad that we were permitted to care for such unfortunate ones. He had wandered far from the right way, but by the Spirit of God was led to the Saviour. The week has brought us numerous gifts, showing us God's mindfulness.

JULY 7. We sold to-day a piece of land from the Grove Hall estate for \$10,000.00. How blessed have been God's dealings with us, helping us over the hard places and giving us deliverance in the times of great need! What lessons of patience, hope, and trust we have been taught! May we ever glorify God in all the work of faith.

AUGUST 5. Our little Isidor, who has endeared himself to us all by his gentleness and winning ways, died to-day in his mother's arms. We can never forget the touching scene. The mother heart and love were revealed in every caress and anxious look as she held her unconscious boy in her arms. Around and beneath both were the arms of Infinite love and blessing.

SEPTEMBER 20. Another has entered into her rest. We have mentioned only a few victories of faith witnessed in our midst.

Mention must be made of the delicious pies and other good things which are so kindly sent to us several times a week by a prominent restaurant in the city. What an addition and help these are to the culinary department, none but a housekeeper can appreciate; and how much enjoyed by all goes without saying, but not without our hearty thanks.

One of our neighbors has sent the daily paper, sometimes more than one, which are passed from one patient

to another ; these they greatly enjoy, and we are glad to express their gratitude.

SEPTEMBER 27. Another anniversary day — the thirty-seventh — a day when our hearts rejoice that we have been permitted still another year to administer to God's suffering ones.

Rev. Mr. Applegarth, of the Elm Hill Baptist Church, kindly took the afternoon service. In response to an invitation to attend Dr. Hershey's evening service, \$25.00 was placed in our hand from a friend whom he had interested.

How much we have recounted, and yet how much of interest we have been compelled to leave unwritten for want of space ! We close these pages with the deepest gratitude to our many friends.

SPINAL HOME.

During the two years we have cared for seven patients. Two have died in the triumphs of faith. Others have come to fill their places. A thoughtful friend, finding an old organ much out of repair, kindly sent us an excellent Mason & Hamlin to take its place, with the following note : " I pray that it may speak softly and sweetly to those whose nerves are worn by long illness." Frequently gifts are brought to the various rooms to add to the comfort of their inmates, and last Christmas a large evergreen wreath was hung in every window of the house by one who wished to bring them New Year's cheer.

OUR CHILDREN'S HOME,

with Mrs. Eldeen Bradley as matron, has been a bright, happy family. Two of the children, Annie and Fred,

have graduated at the Gibson Grammar School. Fred has since secured a fine situation in a publishing house. As the children grow older, they are manifesting a worthy ambition to become self-reliant. We trust they will grow to noble man and womanhood.

THE CONSECRATION MEETING

at our new Beacon Hill Church, 175 Huntington Avenue, has continued to be a blessing to us all. Earnest believers have gathered from week to week to offer praise and thanksgiving for God's mercies and to wait on him in sincere prayer for the requests which came to us every week from all over the country and from across the sea. The tracts and books which we have not disposed of from the Willard Tract Repository may be purchased by communicating with Rev. E. D. Mallory, 44 Crawford Street, Roxbury, Mass. We still have a number of "Tuesday Talks," by Dr. Cullis, being a collection of his addresses at the Consecration Meeting.

WILLARD TRACT SOCIETY.

BOYDTON INSTITUTE, BOYDTON, VA.

“I the Lord do keep it; I will water it every moment: lest any hurt it, I will keep it night and day.”—Isa. 27:3.

The two years since our last Report have gone on wings; the days fly swiftly by, full of good things from the open hand of our Master. It is glorious living day by day with our Lord, taking our orders from him and letting him carry the care and responsibility. How wonderfully he provides for us, taking note of our various needs and supplying them from first one source and then another, so that we may not get to leaning too hard upon any earthly prop. It is a great, deep joy to watch his hand provide for us from year to year.

We need skilled teachers; the salaries we pay them are a mere pittance, the work often very hard, and yet the Lord has never failed us, but has given us such a faithful band of self-sacrificing workers that the work has gone forward steadily improving, its influence ever widening, and we trust gathering more and more fruit unto life eternal.

There has been much to disturb the colored people in this section; the lynchings in different parts of the country and the change of laws have affected the political status of the negro, so that there has been, and is still, the direst need among them of preaching and teaching the pure gospel,—that gospel that makes them willing to endure and to wait patiently for deliverance at the hand of God rather than from political leaders. The

latter too often use them for their own aggrandizement rather than in seeking to help the people themselves. God's grace in the hearts of the people is the true solution of the negro problem,—not only the grace of patience, but the grace of integrity and industry. We have used our farm and our woodyard to give them practical lessons along this line.

What have we accomplished? Only a little bit when we look at the field of eight millions of people, but it *is* a little, and an important little, we think. Our work is necessarily representative work, fitting young men and women to go among their own people with their Bibles in their hands and Christ in their hearts, to help them in such ways as the Lord directs; ministers, evangelists, school teachers, farmers,—all are working away to help open the eyes of the blind and bring the captive of ignorance and superstition out of prison, preaching the acceptable year of the Lord.

We have added to our work a branch that we hope will develop into a regular nurse-training department. Our long-time friend, Miss M. A. Warren, has kindly consented to come with us and give the girls some talks on nursing the sick and care in case of accidents. We have but few appliances as yet, but the girls are taught the symptoms of common diseases, simple remedies for them, bandaging, etc. These things are of great use to our girls, who go out to teach their people. Many of them live miles from a physician, and they are, for the most part, too poor to afford a doctor.

In our school Bible study is the first lesson of the day, and the Bible is the chief text-book in our theology classes. In this our dear Brother McAnn has done a grand work, especially among the ministers, inspiring

them with a love for the Word and giving them a fund of information on all sides of the different truths contained in it. Rev. Mr. Daniels spent last year with us, and we are sure he did most excellent work in this line.

The regular monthly meeting for ministers and workers in the region round about us has proved a great success. They come to the Institute one day in the month and discuss various subjects connected with their work. To this meeting they sometimes bring outlines of the sermons they have preached, for criticism and mutual help. So much enthusiasm in the work has been created by these meetings that the results very plainly show a marked increase of usefulness in the ministers. Many of them now go to different places and hold revival services with great success.

Another good thing in our work is the convention held each year about the middle of the session. Our good vice-president and treasurer, Rev. E. D. Mallory, comes from Boston, bringing with him some one skilled in dealing with the truths of the higher life. Books are then put aside, and for four days, morning, afternoon, and evening, these good men open the Word and press home its truths to the hearts and consciences of the students and others who gather to hear. Glorious results have come from these meetings : pastors of churches have gone home from them to do better work for their people ; evangelists return with new fire, the students quickened with new zeal, and the whole work set victoriously forward.

Our publishing department has been for the most part the printing of our little paper, "Our Helper," of which our friends have been kind enough to write many encouraging words ; we also issue helpful tracts on the

higher life and kindred truths. We have done some job work, to help pay the expenses of this department ; it is also an opening for young men to learn a useful trade.

Our charity work has been a blessed one, providing for the sick, for the aged, and others, the needed garments they were unable to obtain otherwise. Our Northern friends have assisted us in this ; we could have done but little without them. Among other very useful gifts has been, for some years, a case of new shoes, strong and thick, for the women who have to go through the wet winter weather out after wood and like errands, widows who have families of children and who are not able to buy this very needful article ; they are very grateful to our friends in Massachusetts for their generous gifts. The old men, unable longer to earn much, have had good, warm clothing given them, often an overcoat that meant so much to them. We have had our reward in remembering *His* word, "Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me."

The school has been increasing steadily in efficiency, and the last years quite a number from our Junior Class, a year before graduation, have stood examination by the county superintendent and passed so creditably as to enable them to secure positions as teachers in public schools. We insist upon the rule, "Seek first the kingdom of God," and as a result the other good things follow, as was promised.

Our prayer bands are continued weekly, each student belongs to some one of them under a teacher as leader. We are thus enabled to look after the spiritual welfare of each individual. Many marked answers to prayer for friends North, East, and West, have

BOYDTON INSTITUTE.

come from these meetings, beside the daily growth of those who participate in them. To illustrate: A young girl, a student, had been North to earn money for board here, but one of her family was taken sick, and part of her earnings had to go home to help her people, consequently, when she neared the last of the term, she was out of money. She knew if she left school then, she could not graduate with her class this year; so she laid the matter before the Lord. Just as she had gotten to her last dollar, we received a letter from a former student who is now in the United States Army, stationed at the Philippine Islands. In it he enclosed a ten-dollar bill and said that if we had a student here, a girl who had been North to earn her way through school, and had not quite enough, to give it to her. Of course he could have known nothing of the girl or her prayer. The envelope in which the letter and money came was so worn that it would hardly hold together, but the bill was perfectly safe in its long journey, and it made us all glad to see how much pains our loving heavenly Father takes to help us believe in him. Education in these things, learning to trust in God, is most valuable to these students in their work among their people especially; it helps them to teach them to depend on God in their poverty and hardships.

And so the good work goes on from year to year. We have great reward in seeing these young people grow spiritually and intellectually, and in watching their work after they leave. We believe that He too watches it, and we trust He is pleased with the little vine of His own planting.
